

Spinning World

I'm like a statue in a spinning world
I'm like a statue in a spinning world

I can't stand, I can't walk
I can't hear, I can't talk
High pressure, deep heat
Hot gossip, cold feet

I don't dare to move
I'm scared to fall - I'm like a statue in a spinning world
I can't bear to lose
To lose it all - I'm like a statue in a spinning world

Bright future, dark past
Time flowing too fast
Still water runs deep
Keep trying, can't sleep

I don't dare to move
I'm scared to fall - I'm like a statue in a spinning world
I can't bear to lose
To lose it all - I'm like a statue in a spinning world

Robots Dance!

I can't stand, I can't walk
I can't hear, I can't talk
Bright future, dark past
Time flowing, too fast

I don't dare to move
I'm scared to fall - I'm like a statue in a spinning world
I can't bear to lose
To lose it all - I'm like a statue in a spinning world
