

## **Who Could Ask for More?**

I don't need a book to find the right words  
I don't need to look to see your goodness shine  
I don't need a song to tell me how I feel about you

I don't need a place to escape to  
I don't need to hang on to a dream  
I don't need a fantasy, because when I met you  
All my dreams came true

When we're feeling down  
Because troubles keep coming to our door  
We can smile and turn everything around  
What couple could ever ask for more?

Who could ask for more?  
Who could ask for more?  
Who could ask for more?
